PERSONNEL OF THE BOARD.

In their last Report the Board mentioned Mr. Bernard Holland's resignation of the Chairmanship; they now have to record, with very deep regret, Mr. Holland's death on May 25th, 1926. The Board desire to place on record their high appreciation of the valuable services which he rendered to the Hospital, not only whilst he was Chairman, but also as a member of the Board of Management, and they feel that by his death they have lost a true friend. It was during his Chairmanship and under his guidance that the new Constitution was inaugurated.

The Board have also to report, with much regret, the resignation of Mr. A. S. Blunt, who held the office of Honorary Treasurer for five years. Mr. Blunt always freely gave to the Board his valued advice in financial matters and they express to him their sincere thanks for his services.

The Board will, at the Annual General Meeting, ask the Governors to appoint Mr. R. H. Newman, Manager of Lloyds Bank, Canterbury, as Honorary Treasurer in succession to Mr. Blunt. Mr. Newman has kindly carried on the duties of the post, in a semi-official capacity, since the resignation of Mr. Blunt.

In the course of the year, Mr. Lionel Colledge, F.R.C.S., found it necessary to resign his appointment as Honorary Consulting Surgeon for Throat, Nose and Ear Diseases on account of the other calls upon his time. Mr. Colledge's resignation was accepted with much regret.

Towards the close of the year, Mr. C. P. Wilson, F.R.C.S., of the Middlesex Hospital, was appointed Honorary Surgeon to the Throat, Nose and Ear Department, and the Board are hopeful that this branch of the Hospital's work will be developed.

To fill the vacancy caused by the retirement of Dr. Ferguson, which was mentioned in their last Report, the Board appointed Dr. F. L. Cassidi as Honorary Surgeon, for twelve months. In taking this unusual course, the Board were influenced by the consideration that some change might soon become necessary in the number, or the method of appointment, of the Honorary Staff.

A further resignation, under the Law relating to the age of the Honorary Staff, was that of Mr. R. S. N. Faro, which the Board received with much regret. Mr. Faro has held the post of Honorary Dental Surgeon for thirty years, and, in thanking him for his generous services, the Board were happy to elect Mr. Faro as Honorary Consulting Dental Surgeon.

WORK OF THE HOSPITAL.

The development of the Hospital, which has been a marked feature of its history during recent years, has continued during 1926. The beds have been more fully occupied and the special departments have grown in importance and utility. The average daily number of occupied beds was 93 and 1588 Patients were admitted. It is gratifying to know that both these figures constitute a record in the history of the Hospital. At the time of writing, 59 cases are awaiting admission.

The Out-Patients treated were made up of the following cases:—

				New Cases.		Old Cases.	
				1925	1926	1925	1926
General Medical and Surgical	...			1061	1191	2694	2850
Ophthalmic	760	782	721	832
Casualties	1206	1581	7812	6854
Dental	576	790	538	568
X-Ray	39	45	368	400
Orthopædic	412	557	7798	9118
				4054	4946	19931	20622

The work of the X-Ray Department increased to such an extent that it became necessary to appoint a full-time Radiographer. Miss Turner, M.S.R., of the Middlesex Hospital, was appointed, and took up her duties at the commencement of 1927. The Board wish to express their sincere thanks to Miss P. K. Bowes, B.Sc., who for two years held the post of Honorary Radiographer, and rendered valuable services.

Another branch of treatment which has been extended during the past year is Artificial Sunlight. Unfortunately the accommodation at the Hospital has not allowed of the installation of the necessary apparatus, and patients requiring such treatment have had to be sent to Ethelbert Road Nursing Home. The disadvantages of this course are obvious, and it is becoming imperative that arrangements should be made to instal the apparatus in the Hospital.

Full use has been made of the services of the Private Nursing Staff and it is obvious that this branch of the Hospital's work is greatly appreciated by the public in the District which the Hospital serves.

The work of the District Nurses shows an increase on 1925. The total number of visits paid was 9575 as compared with 8613. It is hoped that still greater use may be made of this service.

An agreement, subject to the approval of the Ministry of Health, has recently been effected with the Kent County Council for the treatment of Complicated Maternity cases. These cases have, of course, always been treated in the Hospital, but as local authorities now have statutory obligations, the cost of the patients' maintenance will, subject to certain conditions, be refunded to the Hospital.

A similar agreement with the Kent County Council has been effected for the provision of Orthopaedic treatment for crippled children, which is a new development.

WHITSTABLE AND TANKERTON COTTAGE AND CONVALESCENT HOSPITAL.

Last year the Board reported that they had come to an agreement with the Committee responsible for erecting the Whitstable Hospital in order to secure the fullest co-operation. Major James, on behalf of the Household Box Scheme, very generously undertook to raise £3,000 towards the building of the new Institution (and of this sum only £600 remains to be collected) on condition that 10 beds were reserved for patients from the Kent and Canterbury Hospital. The pressure on our accommodation is frequently very serious; there are often

more than 50 patients on the waiting list. But this is not all. The Medical and Surgical Staff from time to time are obliged to discharge patients sooner than they would wish in order to make room for cases of grave emergency; in consequence, permanent results of treatment are jeopardised, partly because patients return to homes which cannot provide the skilled care and treatment indispensable to speedy and complete recovery. Moreover, it is well known that considerable difficulties are experienced in finding convalescent accommodation within reasonable distance, suited to the needs of those requiring surgical, nursing and, in some cases, medical care and supervision. In addition, provision has been made for cases of the ordinary Convalescent Home type. The Board are pleased to report that the agreement with the Committee has, during the past year, been carried out by a Deed (supplemental to the original Trust Deed of the Whitstable Cottage Hospital) under which the terms of the arrangement between this Hospital and Whitstable Hospital are definitely set out. The Board look forward with considerable hope to the development of this arrangement. The funds of the Kent and Canterbury Hospital are responsible for the cost of maintaining its own patients. On the Medical Staff, and on them alone rests the responsibility of deciding the cases which may properly be transferred.

The Whitstable Hospital was opened on December 8th, 1926, and already advantage has been taken of the new arrangement. The Board believe that, in the long run, it will prove of considerable benefit to both Institutions, for, without the spirit of co-operation between the Hospitals of East Kent, the voluntary principle cannot be preserved.

CONFERENCES WITH OTHER HOSPITALS.

In their last Report the Board explained that as the result of Conferences between the Hospitals of East Kent (convened by the Kent and Canterbury Hospital for the purpose of securing co-operation between the institutions) a resolution was passed recommending a delimitation of areas. Your Board, though convinced of the need of co-operation, considered that such a delimitation would be prejudicial to the object they had in view, and they therefore decided to take no further part in the matter.

Other Conferences, convened by the Kent Branch of the British Hospitals' Association, have been held, at which the principal questions discussed have been those relating to payment by local authorities for the treatment of cases of surgical tuberculosis and elementary school children. The need of co-operation to which we have previously alluded, was obvious at these meetings.

BUILDING RECONSTRUCTION.

Early in 1926 the Board appointed a large and representative Committee, called the "Development Advisory Committee" with the following terms of reference :—

"To investigate thoroughly what should be the future, size and constitution of the Hospital to enable it to give the best ultimate service ; such Committee to report also upon the whole question of the re-building of the Hospital, either on the present site or on the new site, having regard to all necessary accommodation for the treatment of patients and the housing of the staff."

The Committee held several meetings and it appointed a number of Sub-Committees from amongst its members, each Sub-Committee dealing with a certain aspect of the question. The essence of these reports, when considered in relation to one another, was as follows :—

No material increase in the number of beds is recommended at present.

The reform in Poor Law to which the present Government is committed will have an important bearing on the future of all Voluntary Hospitals.

As regards industrial developments, while Canterbury is the natural hospital centre and where the best Medical skill is available, neither the Governors nor the Industry itself have considered the Kent and Canterbury Hospital in connection with the medical needs of an imported population of 150,000 people, who would require probably 750 beds.

The provision of a larger Hospital therefore, being in abeyance, the Committee had either to consider the construction of a new Hospital or how, as far as possible, the defects and deficiencies of the present building might be remedied.

The solution of the problem is a matter of finance and it was finally decided to submit to Mr. Walford, F.R.I.B.A. a schedule of faults and deficiencies embodying the joint work of all sub-Committees.

Mr. Walford has provided a general scheme meeting immediate requirements, and allowing for future extension when required at an estimated cost of from £35,000 to £40,000.

The Committee, after long consideration, recommended to the Board that Mr. Walford's scheme should be placed before the Governors for approval.

The Board, before giving their final approval to the scheme, felt they must be able to satisfy the Governors that it would meet the present requirements of the Hospital, and they accordingly referred the matter back to the Development and Advisory Committee for further investigation and report.

FINANCE OF THE HOSPITAL.

The excess of Expenditure over Income for the year 1926 was £1419 18s. 8d.

In view of the fact that a considerable amount of money has been expended on the Hospital Building during the year, and that the average number of Beds occupied during that period has been more than in the last three years, the Board are of opinion that the result of the year's working is much better than at one time seemed probable.

The amount received from the Propaganda Committee during the year was £7,100. Although this is £200 less than the amount received from this source in 1925, the amount actually collected from the Household Boxes was about £400 more. The difference in the amount paid over to the Hospital is due to the fact that for the year 1925 the Propaganda Committee brought forward a large balance from the previous year. The Board are increasingly grateful to the Box-Holder Subscribers for their continued support and interest, and are confident that they can continue to look to this support in the future as an important part of the Hospital's Income.

The amount received from Annual Subscribers is about £120 less than last year, and, in the opinion of the Board, is somewhat disappointing. In this connection, they are considering, in conjunction with the Propaganda Committee, ways and means for increasing the number of Annual Subscribers.

In regard to Donations, there has been a slight falling off during the year, which may be accounted for by the fact that no contribution was received from the British Charities Association.

Among other contributors, the Board tender their best thanks to the Brotherhood of Cheerful Sparrows, Herne Bay, for their contribution of £100; also for £100 from an anonymous donor who has generously contributed this amount for several years past.

The Congregational Collections for 1926 show an increase of £34, and the Board are very grateful to the Ministers and Clergy of all Denominations who have brought to the notice of their Congregations the claims and needs of the Hospital during the past year, and sincerely hope they will continue to impress the Christian principle of caring for the Sick.

With regard to Workpeople's Contributions, notwithstanding the industrial upheaval, these show a slight increase which is very satisfactory. The Board hope that with the revival of trade the contributions will increase still further.

The further falling off in the receipts from entertainments is no doubt due to the fact that considerable support has been given during the past year to the Whitstable and Tankerton Cottage Hospital Fund, which otherwise would probably have been given to the Kent and Canterbury Hospital.

For the increased services rendered to Patients, the Hospital has received £250 more than in the preceding year, including £145 from Public Authorities, and has received a total of £700 from the Trustees of the Bell Endowment Fund, an increase of £300 on last year.

The Expenditure, although the highest in the history of the Hospital, is mainly accounted for by Domestic charges, which includes the purchase of furniture and beds for the Nurses' Quarters, Establishment charges, and Salaries and Wages. The increase under the heading of Establishment is due to redecoration of parts of the building and purchase of a new Boiler, which items are dealt with in another part of the Report. The extra amount under Salaries and Wages is accounted for by the addition to the Hospital Staff, necessitated by the increase of work and shortening of the hours of duties of the Nurses.

The extra cost of Management is largely due to printing, etc., in connection with the Conferences which were held during 1926.

Other Items of Expenditure remain about the same as in previous years. Although the excess of Expenditure over Income is higher than the average for the last three years, the Board have the satisfaction of knowing that besides the increase in the average number of Beds occupied, a great deal has been done during the past year to increase the efficiency and maintain the reputation of the Hospital which, after all, must be its best and highest asset.

The following is a comparative statement of the Income and Expenditure for the past three years, under the main headings. The detailed accounts for 1926 appear on page 18.

THE HOSPITAL BUILDINGS.

During the year a considerable sum has been spent upon the fabric and equipment of the Hospital. Mention of a few of the principal items will show that the money was well spent.

An extra Boiler was fitted, to ensure a sufficient and well-heated supply of water for baths, etc., at a cost of £370 and it is satisfactory to report that for the first time for several winters no complaint has been received regarding the insufficient supply or heat of the water.

£400 has been spent in providing fresh accommodation for Nurses by the erection of a new hut, containing Recreation and Lecture rooms.

The Corridors, Lavatories, Sluice Rooms, etc., of Gorely Ward have been redecorated at a cost of about £200, whilst the sum of £120 was required to effect certain structural alterations and improvements at our Nurses' Home at 28 St. George's Place.

Repairing and tarring the roads and paths around the Hospital involved an expenditure of £80 and approximately £100 was spent in the installation of a new lighting system in the Operating Theatre.

The Board have decided to ask the Governors for permission to purchase Winchelsea House, Longport, which is nearly opposite the Hospital, to provide sleeping accommodation for the Nurses. To purchase, redecorate and furnish the house will cost approximately £2,000. If this purchase is sanctioned, it will, with the present accommodation at 28 St. George's Place and the Hut already mentioned, very materially improve the accommodation for the Nursing Staff.

The purchase of this house will also enable the Board to effect certain improvements and re-arrangements in the Hospital building. It will enable the provision of improved quarters for the three Resident Medical Officers, waiting and dressing rooms for X-Ray Patients and probably a dark room near to the present X-Ray room. The present Resident Medical Officers' sitting-room will become the Secretary's office. The waiting and dressing rooms for the X-Ray Department are urgently required as at present there are no rooms available.

THE NURSING AND ADMINISTRATIVE STAFF.

The training of the Nurses has been greatly facilitated by the erection of the new Hut already referred to and the Board congratulate all those concerned on the very excellent results

obtained in the examinations during the past year. The appointment of a Sister Tutor has been abundantly justified as shewn in the following results:—

State Final Examination : 8 entered ; 8 passed.

„ Preliminary Examination : 8 entered ; 7 passed.

The Sister Tutor, Miss Elliott, has been appointed by the General Nursing Council as an Examiner for the State Examinations and the Board congratulate her on the appointment.

It has been found necessary during the year to increase the numbers of the Nursing Staff by five in order to allow the probationers more time off duty. Under the new arrangements all probationers will be off duty one day in the week. It will probably be found necessary to augment still further the Nursing Staff as the work of the Hospital increases.

The Board have to report the resignation of three of the Sisters during the past year, who have each served the Hospital for a period of over six years, *viz* :—Miss Hyde, the Assistant Matron, who has taken a post in a New York Hospital ; Miss Woodhouse, Wynne Ellis Sister, who has obtained an appointment as Assistant Matron at Whipp's Cross Hospital, Leytonstone ; and Miss Blake, Out-Patient Sister, who is shortly leaving England. Miss Payne, who has been on the Administrative Staff for the last seven years, has also left us on the occasion of her marriage, and to all these ladies, the Board tender their thanks and best wishes.

The Board also have to report the resignation of Mr. F. P. Carroll, who has been appointed Secretary-Superintendent to the Throat Hospital, Golden Square, London. Mr. Carroll has been Secretary to this Hospital for the last seven years and in leaving us, the Board wish to offer him their hearty congratulations on his appointment, with their best thanks for his services to the Hospital during his tenure of office.

The Board have appointed as their new Secretary, Mr. W. T. Southwood, who was previously at the South Devon and East Cornwall Hospital, Plymouth, and who comes to Canterbury with high credentials.

SERVICES TO THE HOSPITAL.

The Board wish to tender once more to the Honorary Physicians and Surgeons their best thanks for the generous services they have given to the Hospital during the past year.

The increasing number of patients, and the many expressions of gratitude received by us, testify to the good work which the Physicians and Surgeons carry out.

The Board are also grateful to Mr. H. M. Biggleston and Mr. S. W. Bligh for their services in supervising in an honorary capacity, the Engineering and Radio services of the Hospital. They are particularly grateful to Mr. Bligh for his gift of a Loud Speaker outfit to the Nurses' Home, at 62 Burgate, and for his efficient maintenance of the wireless apparatus at the Hospital, practically without cost.

Mr. C. E. Kingsford, Honorary Solicitor, and Mr. W. S. Willan, the Honorary Architect, have kindly continued to give advice whenever required, and the Board are grateful to them.

On the financial side, the Board must again express their deep indebtedness to the Propaganda Committee for their indefatigable efforts, by means of which £7,100 was handed over to the Hospital in 1926.

The Mayor and Mayoress of Canterbury, Alderman and Mrs. Pope, ably assisted by Miss Pope, have continued to manifest their keen interest in the Hospital, and have again successfully organised two Flag Days. Mr. A. J. Waters, also, has continued his useful work as Honorary Secretary of the Canterbury Hospital Saturday Fund, whilst the Linen League and the Committee of the Samaritan Fund have each carried on, in a highly efficient manner, their respective functions. The Lady Visitors have continued their good offices, and their work has been greatly appreciated by the patients. To all these ladies and gentlemen the Board tender their hearty thanks.

HARRY G. MOUNT,

Chairman.

ORTHOPÆDIC DEPARTMENT.

During the year 1926 there has been an increase in the number of patients attending and receiving treatment in this department.

Greater facilities have led to an increasing number of plaster casts being applied.

The workshop has been most useful and many more appliances and splints were made.

In 1926 62 new pairs of crutches were made as against 54 pairs in 1925. This is a large increase considering most of the 1925 crutches are returned when patients have finished with them.

A detailed list of cases reporting from January 1st, 1926, to December 31st, 1926, is appended.

The Hospital for the County of Kent lately erected at Canterbury.

From European Magazine, 1792.

REPORT.

Once more it is the privilege of your Committee to record that the year 1926 has been marked by continued prosperity; the general interest in its work shows no sign of decay, and the benefit conferred on the Hospital and its patients cannot be gainsaid. For purposes of comparison we place on record the continuous progress of the Committee's work:—

			£	s.	d.
Members provided in	1921	...	2250	0	0
„	1922	...	4800	0	0
„	1923	...	5500	0	0
„	1924	...	6000	0	0
„	1925	...	7300	0	0
„	1926	...	7100	0	0

The slight falling off in the total paid to the Hospital during the year 1926 compared with the year 1925 is due to the fact that in the former year no balance was carried forward.

These amounts are the cause of unfeigned gratitude to all (and who does not?) who care for the relief and prevention of human suffering. The monies which have been provided have undoubtedly raised the standard of efficiency; indeed it is impossible for any one familiar with the Hospital in 1917 to doubt the progress which has been made. The supply of Nurses is adequate to the patients' needs, and as the demands on the Hospital continue to increase, the Staff is proportionately enlarged; and indeed it is true to say that the Doctors and Nurses have only to make known and to prove needs for development, and these, so far as practicable, are satisfied without delay. But there is one limitation. The buildings of the Hospital, for the most part 136 years old, are not only costly to maintain, as all old buildings are, but the needs revealed through the progress of medical and surgical science grow from year to year. It is not for us to formulate policy, but we would take this opportunity of impressing on the members of this Association that the buildings must be dealt with. Two sets of

proposals are under consideration. Our duty ends when we ask those responsible to move and to move quickly. We, on our part, undertake to support as loyally as we can whatever decision is reached.

Delimitation
of areas for
organized
collectors by
competing
Hospitals

In our last report we called attention to the Conference which had been held in 1925 between representatives of the Hospitals in East Kent. That Conference decided that a policy of delimitation of areas, whence should be derived support for particular Hospitals, should be adopted. That decision has borne no fruit, and in our judgment, if acted on, it will only lead to confusion, and perhaps competition between the Committee and supporters of the different Hospitals. Several Hospitals in East Kent are necessarily committed to a considerable capital expenditure. This money may be forthcoming, but when the cost of maintenance has to be faced, the impracticability of the policy of delimitation will stand revealed. From its outset the ultimate aim of our organisation has been to bring within reach of everyone in the area the best medical and surgical treatment which the District can provide; and that the money necessary to attain this end should in great measure be provided by a very large number of regular subscribers of small sums.

Whitstable
Cottage Hos-
pital for ex-
tended & con-
valescent
Treatment

In this connection we have to call attention to the fact that the Whitstable Cottage Hospital was opened in the Autumn of last year. An arrangement has been entered into between our own Board of Management and the Whitstable Committee for the reception of patients from our Hospital who need extended treatment because they are not so far restored to health as to enable them to make use of the ordinary Convalescent Home. In consequence of this arrangement, the beds available at Canterbury have been increased by ten, and the Doctors are shielded from the unenviable duty of discharging patients sooner than they would, in order to make room for cases of very grave emergency. It is estimated that this development may cost an additional £1,000 a year, but we have reason to believe that the money will be well spent.

In this connection we may remind our supporters that when the idea of co-operation with Whitstable first took shape, our Chairman, Major James, under-

took on behalf of our Committee, to provide £3,000 towards the cost of erecting the Whitstable Hospital and Convalescent Home. Thanks to the very generous support both in time and money which his proposal received, £2,400 has been already paid over.* This means that a large number of people of narrow means have as usual given generously, and "have forgotten to mention it." It is not for us to thank them; they will receive their reward as they hear of men, women and children restored to physical efficiency. In this connection we have to thank the Mayor and Mayoress and Miss Pope for the very generous and efficient help which they have given us.

We have to thank Lady Northbourne and the ladies who assisted her in the organization of two balls in Cricket Week; they were well attended and the net profits amounted to £240.

We have to thank Miss Laurie and the ladies of the "Vanishing Teas" Committee, Major and Mrs. Jackson, the Officers, Non-Commissioned Officers and Men of the Garrison and Territorial Forces, The Amalgamated Friendly Societies of Canterbury and District, The City Social Guild, the District Commissioner and the Boy Scouts' Association, for the varied help which they gave on several occasions.

We have to thank all those who were responsible for the organization of the two days' Hospital Fete, held in the grounds of St. Augustine's College, which were placed at our disposal by the kindness of the Warden and Fellows. The financial results amounted to £421. The total was disappointing, but the weather was largely responsible, for it marred the success of the first day. **Hospital Fete**

In our last Report we called attention to the need of a larger number of subscribers who are able to give more than a small weekly contribution to the boxes. Schemes to attain this end are under consideration and it is to be hoped that in the near future a carefully organized campaign will be begun. When this **The need of annual subscribers**

* Since the preparation of this report, an additional £300, have been paid over to the Whitstable Committee.

organization was first established, our Chairman hazarded the opinion (which was received with incredulity) that the Household Box scheme would produce £8,000 a year; and this sum has already been secured, especially when regard is paid to the additional sums which have been given for the Ambulance, the Whitstable Developments, the Wireless Installation, etc., etc. Unfortunately the annual subscriptions have not increased in like proportion. In the light of experience your Committee can set no limit to the amount that will be received so long as the Hospital receives the support of a large and increasing number of Stewards, Village Committees, Local Representatives, etc., and so long as the administration of the Hospital, and the care of Doctors and Nurses, commands general appreciation.

**The East Kent
Coal Field :
Miners' Con-
tributions**

The industrial developments consequent on the opening up of the East Kent Coal Fields by Messrs. Pearson, Dorman Long & Co., must considerably affect the position and prospects of our Hospital. The miners at work are already supporting us by means of a weekly deduction from wages, and for this help we are most grateful. We could have wished, however, that they had adopted instead the household box scheme, and this not only for financial reasons. Our object is to spread interest in the Hospital, for if this is done we are convinced that the voluntary principle in the provision of Hospitals is assured; and we believe that if once miners realise the value of this principle, they will be amongst our foremost supporters. It is intended, we understand, to establish a large Central Hospital somewhere in the Coalfields and if this policy is adopted no doubt it will be carried through; but it should not be forgotten that the efficiency of a Hospital depends on the medical and surgical staff available. Our object is to make available for everyone in need the highest skill which the District can afford. This cannot be attained until a Hospitals' Association for East Kent is established, not by delimitation of areas, but by specialisation of departments. Unhappily at present, this view does not obtain general support.

The thanks of the Committee are due to the Press for the unfailing support which they give us:—

"The Kentish Gazette and Canterbury Press," "The East Kent Gazette," "The Kent Herald," "The Isle of Thanet Gazette," "The Herne Bay Press," "The Kentish Observer," "The Whitstable Times," "The Dover Express and East Kent News." ^{The Committees' thanks}

We have to thank the Kent County Cricket Club for the loan of chairs, and Messrs. Court Bros. for the loan of tables for the Garden Meeting, The Proprietors of "The Kentish Observer" for gift of packing paper and many Firms and County Carriers for the free distribution of Boxes

REPORT

OF THE

Kent & Canterbury Hospital Linen League FOR THE YEAR 1926.

President :

THE HONBLE. MRS. WILFRID JAMES,

Committee :

MRS. PRESTON.

THE HONBLE. MRS. TALBOT.

MRS. SIDNEY WACHER.

MRS. WILLIAMS.

MISS MABLE PLUMMER.

MRS. GAUSSEN.

MRS. WHITEHEAD REID.

MRS. FELLOWS.

MRS. H. G. MOUNT.

MRS. HEPBURN.

MISS PURCHAS (Matron).

Hon. Secretary and Treasurer :

MISS A. A. RUSSELL, M.B.F.

The President and Committee of the Kent and Canterbury Hospital Linen League have pleasure in presenting their Fourteenth Annual Report.

They have to deplore the great loss sustained by the Linen League, together with the rest of Canterbury, through the death of Mr. Bernard Holland. A warm and valued friend and adviser, Mr. Holland will be greatly missed by the Committee, who offer their sincere sympathy to Mrs. Holland.

The Committee have also to record with sorrow the death of Mr. Andrews, Hon. Auditor to the Linen League, and of three firm friends—Mrs. Baird, Miss Burridge and Miss Peckham.

Mr. A. J. Lancaster has kindly consented to act as Hon. Auditor to the League.

The President, the Honble. Mrs. Wilfrid James, was nominated by the Committee as the representative of the Linen League to serve on the Hospital Board of Management for 1926.

At the Annual General Meeting, held on June 4th, Mrs. Hepburn and Mrs. H. G. Mount were unanimously elected to fill the vacancies on the Committee caused by the resignation of Mrs. Mackeson and Mrs. Murphy, who retired by rotation.

The Committee desire to record their very grateful thanks to Mrs. Laurence for her generous donation of £20, the result of a sale of work organised by her at Eastry, and to Miss Laurie and the promoters of "Vanishing Teas" for a donation of £15. They also wish to express their sincere thanks to the members of the Waltham Women's Institute for 24 pillow cases, and to the members of the Adisham Girls' Club for a gift of tea cloths. This lead may prove an idea for other Women's Institutes and Girls' Clubs.

On December 17th a County Ball was held at the County Hall, Canterbury. This was organised by the Committee, assisted by some younger co-opted members. They are very glad to be able to report that the venture was a great success, and should prove of substantial benefit to the funds. £66 has already been handed over to the Linen League, leaving a further sum still to be received so soon as the Ball accounts are finally wound up.

It is most gratifying to the Committee to be able to fulfil the pleasant duty of welcoming several new Vice-Presidents, Companions and Hon. Members. They hope they may be as fortunate in 1927 in meeting new friends and supporters.

The Committee wish to tender their very sincere thanks to all members of the Linen League, and to assure them that their work is not only appreciated by their President and Committee, but by the Hospital Board of Management, the Hospital Staff, and the Patients.

(Signed) **MARGARET JAMES,**

MISS F. M. MERCER.

REPORT FOR 1926.

The 31st report of the Samaritan Fund does not differ greatly from its predecessors.

The Committee again wishes to tender its sincere thanks to Miss Mercer for the admirable way in which she carries out the onerous combined duties of Hon. Secretary and Hon. Treasurer; the position is no sinecure and her capacity and keenness helps both the Committee and the patients in a variety of ways. The same may be said of the effective help so willingly given by the Matron and also by the Enquiry Officer, Miss Stead, who attends the weekly Care Committee, collects patients' payments, etc.

There has been an increase in the total number of patients helped, though a decrease in the number asking for convalescence. 85 cases came before the Committee in 1925. In 1926 the number rose to 97. No case coming with a doctor's recommendation has been refused. Surgical appliances and dentures were in great request, 27 of such cases being helped by the Committee. This is partly accounted for by the number of out-patients helped, their needs being chiefly in this direction. In two cases journey money was paid, and our agreement with the Alford Aid Society explains our sharing expenses with them in 3 cases.

While our subscriptions show a welcome increase of £10 6s. 3d. over the previous year, donations are less by £6 16s. 0d. Special and patients' payments show a substantial increase, amounting to £43 6s. 6d. instead of £29 19s. 0d. in 1925. This includes not only the patients' contributions, but monies received from Friendly Societies and public funds. Its increase is a tribute to the good work of our Hon. Secretary and of Miss Stead.

In another department of our work we are again indebted to Mrs. Holland. Her working party last year created a record. Over 100 garments were made at a cost of £10 19s. 6d., and handed to the Matron for the use of the patients.

We record with regret the resignation of Mrs. French from the Committee. She found that distance made it impossible for her to attend the meetings. And we welcome in her place Mrs. Henry Williamson. Miss Wilbee has also joined the Committee from Herne Bay.

Our thanks are due to Mrs. Holland, Mrs. Mackeson and Mr. Rivaz for letters of admission to various Convalescent Homes.

At the last Annual Meeting of the Samaritan Fund, held at the Deanery on March 24th, 1926, an interesting address on After Care work was given by Miss Morris, Almoner at the Westminster Hospital. She alluded to the good work that might be organised in connection with the transport of out-patients requiring frequent treatment at the Hospital.

Our Committee has been able to make some progress in this direction and would like to record its thanks for much help. Especially to the League of Women Helpers who wheeled one patient daily from the other end of the town for many weeks until her treatment at the Massage Department was ended. To Mrs. Pembroke and other friends who motored an old man from Dunkirk three times a week during the summer for similar treatment. To Mrs. Stainton for bringing a child in from Barham for Sunlight Treatment and to many other friends for the use of their cars in ways that gave great pleasure as well as profit to the patients.

The close of this year finds us better able to estimate the value of Mr. Collett's Legacy to our Fund. The residuary account was presented to the Quarterly Meeting of the Committee on Monday, October 11th, and duly accepted. The following resolution was also passed :—" That Mr. Arthur Scawen Blunt, Manager of the Capital and Counties branch of Lloyd Bank, Mr. Harry Mount, Chairman of the Kent and Canterbury Hospital, Mrs. Henrietta M. G. Bell, Chairman of the Samaritan Fund Committee and Mrs. Mary Margaret Mason, Vice-Chairman of that Committee, be asked to hold on behalf of the Samaritan Fund such securities as may be made over to the Fund, or subsequently acquired ; and, their consent having been obtained, the securities be transferred accordingly into the names given above c/o. the Bank. That the script of the securities be lodged with the Bank above mentioned, and all dividends be paid direct to the Bank."

Dividends for the last half year, amounting to £22 15s. 3d. appear in the balance sheet. The dividends that had accumulated since Mr. Collett's death, together with that part of his estate which was handed over in cash, amounting to £733 3s., was re-invested at the direction of the Committee, as is also shown in the Cash Account. A perusal of the financial statement will show what an improvement has been effected in our position by this legacy, and the Committee feel their responsibility for dealing with this money in the best possible way, so as to help the patients, and also carry out the wishes of their late Treasurer.

The opening of the Whitstable Cottage Hospital and Convalescent Home has been naturally of great interest to the members of the Samaritan Fund Committee, although their work does not seem likely to be materially affected by it. For the present the Hospital Board has ruled that it should receive those patients who require " surgical nursing and, in some cases, medical care and supervision." These cases, by an agreement made between the S.F. Committee and the Hospital in 1925, are not financially helped by our Fund. They are termed Extended Treatment Cases and, as such, become the liability of the Hospital. Indirectly, however, its work will no doubt affect us, and we wish the experiment every success in our common aim— helping the patients in our Hospital.

Subscriptions may be sent to, and information obtained from

The Hon. Secretary and Treasurer :
